

CEA MEETING - 10/9/2012

Addendum to Meeting Minutes

Donna asked guest speakers to make their announcements prior to the start of the CEA Board meeting. It was felt that the information was informative and important and as such should be included in the official meeting minutes.

Jim Bass and Karol Read, from El Rancho Capay Arena, provided information about the facility and the events held there. The arena, with plenty of parking, is located between Hamilton City and Orland. Events range from clinics, team sorting, team roping as well as gymkhana. Carol announced that a benefit, "Sort for Survival", is scheduled for a local horsewoman on October 20. Check out their website for more information and directions. Jeff Crawford will post a link on the CEA website.

Bonnie McDonald from Chico Airport Controller/Tower explained that the office had received several phone calls from local residents regarding the September Air Show. One caller was an irate horse owner complaining about the noise and the effects on the horse. Bonnie stated that this event was normally held every two years. She also mentioned that Control Tower management would be willing to discuss the situation with any concerned horse owner with regard to future events.

Megan Grove of Equestrians in Harmony announced their organization was looking for participants for their upcoming vaulting team competition. She also provided information about their fundraiser event scheduled for November 3.

Respectfully submitted

Alissa Burns, CEA Secretary
